CATHOLIC
WOMEN'S NETWORK

We connect and support Catholic women across
the Archdiocese of Sydney and surrounds

Our Focus

- * **Connection:** creating a network of local women's ministries
- * **Formation:** providing authentic Catholic content to build up the Feminine Genius
- * **Mentoring:** connecting like-minded women and supporting their vocations

Our Vision

Catholic Women's Network exists to support Catholic women in Sydney and beyond in living faith-filled lives and making an impact in the wider community. Inspired and shaped by this faith, we seek to connect individual women to each other and existing women's ministries. Catholic Women's Network also seeks to support and enrich Catholic women by creating new opportunities, programs, and initiatives. Through the influence and example of the women connected to the network, we will proclaim Christ in all things and bear the Church's eternal message of Truth.

“Let us fit...
women for
Earth without
unfitting them
for Heaven.”

- Venerable Catherine
McAuley
